PROBLEM SOLVING - SALAMANDER TOWERS

Captain Salamander, Flame and Tyger all build towers out of bricks. Here they are below.

Captain's tower Flame's tower Tyger's tower

- 1) Whose tower is the tallest? _____
- 2) How many bricks are there in Tyger's tower? ____ bricks
- 3) How many bricks are there in the Captain's tower? ____ bricks
- 4) How many bricks are there in Flame's tower? ____ bricks
- 5) How many bricks tall is the Captain's tower? ____ bricks
- 6) How many bricks taller is Flame's tower than the Captain's tower? ____ bricks

Name: _____ Date: _____

WORD PROBLEMS: SUBTRACTION

Directions | Carefully read each question, identify the key information, show all of your work, and circle your final answer!

- 1) Leo has 33 pieces of candy leftover from Halloween. If he gives 14 pieces of candy away to his friends, how many pieces of candy does he have left?
- 2) Anne Marie rides her bike to school every day. The bike ride from her house to her school takes her 41 minutes. If she has already been biking for 17 minutes, how much longer does she have to ride before she arrives at school?
- 3) Lisa is inviting people to her birthday party. She gets 50 invitations made to share with her friends. She starts by handing out 29 invitations to her friends in her neighborhood and plans to hand out the rest at school. How many invitations does she have left to hand out at school?
- 4) Caroline baked 93 cookies to sell at her bakery. She plans on taking home whatever cookies she doesn't sell. If she sold 77 cookies, how many cookies will she be taking home?
- 5) A bottle contains 22 ounces of soda. If Joey pours 10 ounces into a cup and drinks it all and the pours 5 more ounces into a cup and drinks all of that too, how many ounces of soda are left in the bottle?
- 6) A movie theatre has 90 total seats. If 39 seats are currently taken by people with movie tickets, how many empty seats are still available?

Name _____ Adding 2-digit and 1-digit numbers

Beautiful Butterflies

Add. Color the picture using the color code.

26	red
29	orange
38	green
54	purple
87	yellow

$86 + 1 = 87$ $54 + 0 = 54$
 $50 + 4 = 54$ $80 + 7 = 87$ $37 + 1 = 38$ $24 + 2 = 26$
 $31 + 7 = 38$ $25 + 1 = 26$ $50 + 4 = 54$ $23 + 6 = 29$
 $21 + 3 = 24$ $21 + 8 = 29$ $24 + 5 = 29$
 $26 + 0 = 26$ $34 + 4 = 38$ $21 + 5 = 26$
 $30 + 8 = 38$ $23 + 3 = 26$ $52 + 2 = 54$
 $20 + 5 = 25$ $53 + 1 = 54$ $81 + 6 = 87$
 $85 + 2 = 87$ $84 + 3 = 87$
 $83 + 4 = 87$ $22 + 7 = 29$
 $23 + 6 = 29$

Most adult butterflies live for about $+ 3$ days.

Name _____

Plant Parts

A plant has many parts. Each part has a special job.

Word Bank roots stem flower leaf

Label the parts of the plant.

Draw a line from the plant part to its job.

- I make the seeds. •
- I make food for the plant. •
- I take water from the roots to the leaves. •
- I hold the plant in the ground. •

Color the roots red.
Color the stem yellow.
Color the leaves green.
Color the flower your favorite color.

It is possible to select 1 albeit at 6 digits, use numbers in the interval from 1 to 20 or randomly generate problems with mixed figures based on the selection. By comparing these entire working sheets of work, whole working sheets will dynamically produce problems based on the selections. Each sheet of work has ten problems. This game covers the addition and subtraction of positive and negative whole numbers. The work sheets are created randomly and will never be repeated, so you have an infinite stock of working sheets whole numbers of quality to be used in class or home. Use the addition and subtraction operation. Organization of orders of integrator worksheets these sheets of entire numbers will produce problems with 4 different entire numbers and the student organize the integral numbers on the increase or decrease. The following collection of free Words Words working sheets of 2 à ° degree of mathematics cover topics including addition, subtraction, measurement and time. These free Word Word Word Words can be shared at home or in class and are excellent for heating and cold -Downs, Transitions, Extra Practice, Homework and Credit assignments. And if you are looking for more mathematics workshops of 2 à free degree, take a look at this free library! Have a good time! Commentary sheet of work for grade 2 word here is a graphic preview for all workshops entire numbers. But the topics are not your average scenarios "Jack and Jill went to the shop ...". Are you looking for math problems in more phases with answers to add to your next lessons? Absolute value of whole working sheets, these whole working sheets can be configured due to 1 or 2 digits on the absolute value of whole numbers. Representation of work sheets These work sheets will produce words of words for students to identify the whole represented in the declaration. Opposite value of the whole working sheets these whole working sheets can be configured for 1 or 2 2 problems on the opposite value of whole. The blue set includes words of words with 2 and 3 integrator expressions (master's practice). It is excellent collaborative learning notes of these Rational Word Problem Notes are a great way to introduce the rational problems of the word number with your 7 à ° degree. Included topics: fractions, decimal, integeryal number operations including addition, sub -traction, multiplication and division in this way: Keyprascotic response Question, also be interested in: operating notes of the bundlefull rational number of 7th grade math notesstips for buyers okeechobe earn tpt credits to be used towards Future purchases, providing feedback for the PTIC Tac paid with interior problems with this activity is to help students practice their skills with the addition and subtraction of whole. You can select the four numbers to have the same number of figures, or produce four whole numbers with different numbers of figures. This product has the practice with lines of numbers, vocabulary, words of words, multiple choice, filling the void and evaluating algebraic expressions. This sheet of work helps to control understanding with different problems of problems. This free sample resource includes: 1 Handout - Adding & Subtracting Integers #1 1 answer Keyquesto champion is part of a set in a series called The Original Picky Thiaats and Subtracting Integersby Adding and Subtracting Infracts Work Sheet with 15 questions. Ordering whole numbers of work sheets these whole integers working sheets will produce problems for ordering 4 whole numbers. Hammer Home these interesting facts and solve subtraction problems with whole in the -20-20 interval. 1 or 2 Digit Addition - 3 Termini Entgers Work Sheets These whole working sheets can be configured for addition problems of 1 or 2 digits with 3 terms. How are the wholes added despite the sign of subtraction between them? Subtract Integers: Level 1 Why? Why?tidig 2 ro 1 rehtie rof derugifnoc eb yam steehskrow sregetni esehT steehskroW sregetnl smreT 4 - noitiddA tiqid 2 ro 1 .htob ro .tsetaerg ot tsael .tsael ot tsetaerg morf smelborp eht fo gniredro eht tceles yam uoY .noisivid dna noitacilpulum .noitcarbus .noitidda rof smelborp dexim latnoziroh tiqid elpulum ro elgnis rehtie rof derugifnoc eb yam steehskrow sregetni esehT steehskroW sregetnl smelborP dexiM tiqid 2 ro 1 .nsosel sregetni gnitcarbus dna gnidda ym gnitelpmoc retfa etapicitrap ot hcihw ni ksaf gnigagne .taerg a eb duouv sihT lseibmoz ot yaw eht lla sregnis suomaf morf sgnihit edulcni scipoT .retemomreht hcae ni gnidaer wen eht dniF ?sregetni gnitcarbus dna gnidda weiver ot deen stnedutS yb1# sregetnl gnitcarbus & gniddAeht dekram I neht .serudeorp lacticamehtam reporpmi dewohs ro tceeroc melborp eht teg ton did yeht fi .rewevoh . It is possible to select between 3 and 6 digits for problems. The terms can be selected to be a positive, negative or mixed sign. The Monday are problems added, the Tuesday is subtraction, on Wednesday it is multiplication, on Thursday it is division and on Friday it covers a variety of skills E ae à ç à È à É ç à Ê à owner of operations, equivalence of the hamlet, fractions-decimal-partners, etc. MONDAY ARE ADDITIONS ADDITION, THE TUESDAY IS STOP, ON WEDNESDAY IS MULTIPLICATION, THURSDAY IS A DIVISION AND ON FRIDAY COVERS A VARIET OF SKILLS, THE OPERATION OF OPERATIONS OF THE OPERATIONS, EQUALLY of the hamlet, the fraction these are used as a bell work or heating in the mathematics intervention lessons of middle schools to help students practice their basic skills. There are seven pages of words of words based on the following topics: number of patternsDecimalsmesurementfractioningementaa & perimeterpercentages to resolve the problems, the necessary skills are the following: using the model rule to calculate a subordinate to specific terms of integersmultiprixion of a decimal number with an integer number Numera and the subtraction of Decimalsfindpage 2 These worksheets are used as a matter or heating in the mathematics intervention of middle school mathematics to help students practice their basic qualities. Give each student at least one card and ask them to read their problem, saying "who has ..." the person who has that answer "I have _____, who has _____". The game continues until all the cards have been rectifiable and the digital mathematics resource is based on the problems of words relating to the autumn or autumn season. Click the image to be taken on the integrated sheet of work. Currency: add and remove these sheets of nI nI let rep optimoc li "À otsequ .idniuQ .eot cat cit a essacoig es emoc .otuges id .itterroc imelborp ert erenetto id olleuq "À ovitteibo'L .elratulav e etad inoisserpse ellen etuicsonocs ilibairav elled irolav i erititissos .8 odarg e 7 odarg rep FDP Task, the students will write their problems of words on topics chosen randomly. Adding and subtraction: Matematic mosaic 1 dudion and subtraction: Matematic mosaic 1 after children solve the problems of adding and subtraction with two -digit on this second grade mathematical sheet, use the key to color the shapes on the mosaic. Each card has an answer and a question. 1 or 2 -digit multiplication sheets, these whole working sheets can be configured for more or multiple horizontal multiplication problems with positive, negative or mixed numbers. Add and subtract the numbers of the activity of activities if you have just finished teaching by adding and subtracting the whole numbers and you need an extra practice, then it would be perfect. Click here for a detailed description of all whole working sheets. A student's response sheet is also included and subtracting the whole numbers of Taskby words do you want a great way to make students who finally enjoy words of words? Both sets are also included in black and white where they could be printed on colored paper and laminated for reuse. If they responded correctly to their problem with correct mathematical procedures, then they were able to color in that particular square. The green set only includes the calculation of 2 entire numbers (practice for beginners). It is possible to select positive, negative or mixed problems. You can select several variables to customize these whole working sheets for your needs. Addition of 3 or 4 whole numbers use these entire printable work sheets to practice adding 3 or 4 entire numbers. Scenario of real life: adding/subtracting these sheets of work consist of problems of words based on real -time applications such as temperature, signs of radar speed and accounts. In this download are included two sets of 36 activity cards. Larger / smaller whole work sheets These integrious worksheets will produce problems with 4 different whole numbers and the student will look for the largest or smaller whole number. Full number. Whole.
