However, thanks to the help of the members of the two next expeditions, ENES and Rama, the work on the big island, also known as Atlantis, continues. ^ "Esenja:" Bogowie Z Kosmosu: Kto PRZYSIÅ "Å "™ GNIE, ... à¼e Tak Rzeczywiã ... à>> Å ç à € ç , and sold several millions of copies. The history was based on the visions of Erich von Great DÅfs Niken, a proponent of marginal theory that, in ancient times, the earth was visited by ancient astronautsã ç à € à øThe representatives of an extraterrestrial civilization. Bogowie Z Kosmosu. Teksty Drugie (in PolonÅs). à † "Kontrowersyjna Theory W Praktyce à €" A. The first attempts end up having no success, since the alien base in the Andes is destroyed by a volcanic eruption. O Mr. Von Daniken illustrates exactly why somebody with just a little knowledge can be more hostile and the reasons and the logic of what someone who is completely ignorant. Retiro from this book: Humans did not discovered anything . This ancient text states that they existed, therefore, they must have ... all ancient people around the world completely lacked imagination and creativity. In retribution, the atleave is sunk by a targeted meteorite, but humans raised, thanks to the help of rebellious scientists, escape and settle in other areas. Your place is occupied by your clone, Aistar, which continues to observe the civilization created by its ancestral while the fight against Satham continues. Volume 8 would only be published in the polygia in the 2000.
